

include/VectorProcessor.h

```
graph TD; A[include/VectorProcessor.h] --> B[vector]; A --> C[cstdint]; A --> D[cstdintdef];
```

A diagram illustrating the dependencies of the file `include/VectorProcessor.h`. The file is shown in a grey box at the top. Three blue arrows point downwards from this box to three separate white boxes below it, representing the files it includes: `vector`, `cstdint`, and `cstdintdef`.
